

ACADEMIC PROGRAMS

Core Curriculum of the University System of Georgia

The Core Curriculum of the University System of Georgia has been established for the general purpose of providing a basic, broad-based, general education in essential academic skills, in different perspectives on the common culture, in humanities, fine arts, science, mathematics, technology, social sciences, and other academic courses which are appropriate for preparation for the student's major.

The Core Curriculum facilitates the educational progress of students as they pursue baccalaureate degrees within and among the various units of the University System of Georgia. It represents an effort to deal effectively with students' curricular problems resulting from increased enrollments, increased numbers of students enrolled in two-year colleges, increased mobility of student populations, increasing numbers and complexity of major fields of study offered in the four-year schools and universities, and the transfer of credit among units of the University System of Georgia.

The Core Curriculum is composed of 60 required semester hours in several areas of study:

Total	•••••	60 semester hours
Area F	Courses Appropriate to the Major	
Area E	Social Sciences	12 semester hours
Area D	Science, Mathematics, and Technology	11 semester hours
Area C	Humanities and Fine Arts	6 semester hours
Area B	Perspectives	4 semester hours
Area A	Essential Skills	

VSU CORE CURRICULUM

60 SEMESTER HOURS REQUIRED

Descriptions of the courses in the Core Curriculum are found in the *Courses of Instruction* section, listed in alphabetical order by course prefix.

Any additional hours selected in the Core Curriculum by the student may be counted as electives in the major program, if allowed by the major program.
