RE: **Celebrating 32 Years! The Happening 2023**

Would you like to have the opportunity to show thousands and thousands of Valdosta State students what your department, program, or area has to offer? This is a once-a-year opportunity to **introduce students to the remarkable things your organization or department does and why they should get involved!** All you need to do is participate in the 32nd Annual **"The Happening."** This event is an information fair for students, designed to provide useful knowledge of what our university and our community have to offer them. Best of all it is **FREE for your department or organization to participate!** We will even provide you with a 6-foot-long table and a couple of chairs!

In the past, exhibitors have been highly creative with their displays. Most groups offer some type of fun activity in which the students can participate. Students are often rewarded with small tokens, candy, and prizes. Booths have offered balloon tosses, basketball throws, miniature golf, wheel of fortune, and many other great activities. Having an activity at your booth really attracts the students. And don't forget to tell them how great your organization or department is!

Take advantage of this fantastic opportunity and sign up now!
Registering is quick and easy – and online! **Visit the Student Life Happening 2023 webpage** <http://www.valdosta.edu/happening> for all the details and to sign up.
